

# POWERPIXEL8-RGB

Product 4401

## Description

- Powerful indoor LED projector equipped with 8pcs 30W COB RGB-leds.
- Thanks to the very wide 60° beam angle, this projector is the perfect solution for "close range" applications like wall washing but also great on concert stages, in theaters, discotheques, exhibition booths, ...
- Thanks to the RGB point sources there are absolutely no color shadows
- Absolutely perfect color mixing, even at very close range
- Excellent built-in programs for wonderful, ever changing, light shows.
- Excellent 16bit RGB color mixing and dimming down to 0%
- RDM compatible (Remote Device Management):
  - Remote DMX-addressing
  - Remote DMX-mode setup
  - ...
- HD-Video compatible: 1200Hz refresh rate
- Completely silent operation, thanks to natural convection cooling system.
- Shows work in standalone, master/slave or can be selected by DMX:
  - Static colors
  - Fading colors
  - Different static chases
  - Different sound activated chases
- Full DMX control with different channel modes, ranging from simple 3CH-mode to 16CH/32CH mode for full RGB+DIM control of every single pixel.
- Backlit alphanumeric 2x 16character LCD-display for easy menu navigation
- Neutrik PowerCon in/outputs: easy daisy chaining of several units.
- Both 3pin & 5pin DMX in/outputs for maximum compatibility
- High efficiency and low power consumption!
- Multifunctional bracket, designed for both floor and truss mounting.

## Information Technique

- LED: 8X30W TRI LED (3in1)
- Beam angle: 60 deg.
- Power Consumption: 240W
- Voltage: AC100V-250V. 60Hz-50Hz
- Fuse: F3A, 250V.
- DMX control: 3/4/5/6/12/24/27/32 channel
- Master / slave control
- LCD display (Mode, Set up, Up, Down)
- Size: 880x60x170mm
- Weight: 7.9kgs
